

1. About Us

Gravity Internet is a business Internet Service Provider, created by a team who are dedicated to the Internet. With our combined experience and knowledge in the ISP/Telecoms/Carrier industries, we can truly satisfy sophisticated and complex service demands.

We are committed to building creative, innovative and reliable services to our portfolio, whilst ensuring stability and continuity for existing customers. The team have set out to bring new levels of understanding, flexibility and technology to an industry that has become stale and cynical. Unlike other business ISPs, we truly understand the impact that the technologies and applications of the Internet can have on your business. This understanding is combined with a commitment to customer service that shames our competitors.

We offer the best in performance, reliability and support to all our customers, and are inclusive at all levels of the business community.

Gravity Internet is privately owned and independently financed. Having no venture capitalist funding ensures that the company has no aggressive sales strategy at the expense of customer service and long term growth.

Customers can also contact our Accounts or Sales teams to retrieve this information.

The following payment methods are accepted: All major credit cards, Debit Card (except Visa Electron), Cheque, BACS transfer and Standing Orders payments. Cash payments are not accepted.

Full itemisation is available on invoices.

All products and services are made as a single supply; your account may be suspended or closed if any sum due for a product or service is unpaid or is in arrears.

6.3. Faults

Although we attempt to provide all customers with the best possible service, we can not guarantee that products and services will never be faulty. However, we will correct all reported faults as soon as we reasonably can.

If there is a fault with your service, you should report it as soon as possible by telephoning 0844 586 1805 or e-mailing us at support@gravity.net.uk

Where applicable, information about the target time to fix faults is covered in the Service Level Agreement for the product in question.

6.4. Complaints

Gravity Internet's complaint handling process can be found here:
<http://www.gravity.net.uk/aboutus/policies/complaints.html>

In the event that a dispute can not be resolved through the normal complaints procedure, complaints will be referred to our Dispute resolution process. We are registered with CISAS and abide by their dispute resolution process as detailed at <http://www.arbitrators.org/cisas/>.

6.5. Terminating contracts

We reserve the right to disconnect or suspend services in accordance with our Terms and Conditions.

Customers have the ability to cancel services and may notify us of service cancellation in writing (fax/letter). Minimum term details and notification periods can be found in our Terms and Conditions.

7. Your rights/obligations
